

CoQ10 (also known as ubiquinone) is found in the mitochondria of every cell and in high concentrations in heart tissue. It helps maintain cardiovascular health and promotes vitality and energy.[†] Since CoQ10 is a fat-soluble nutrient, it is best absorbed when combined with a small amount of fat. Therefore, we added oil to our CoQ10 before encapsulation, eliminating the need to take with food containing fat. Our **CoQ10** contains no artificial emulsifiers, therefore, you may notice a normal separation, which does not affect potency.

**We Guarantee Our Supplements
for Potency and Purity**
